Ultimate Diver Challenge

**Ultimate Diver Challenge  
Comes to Palm Beach, Florida  
July 20 - July 31, 2012**

**UDC is working with Palm Beach County Businesses, Tourist Development Council, Convention & Visitors Bureau, Sporting & Filming Commission, Hilton & the Dive Association to make the production of UDC 2012 SEASason Two**

*"The Biggest Event in Diving History"!*

Discover Palm Beach and don't miss the chance to be part of a live reality TV production promoting scuba diving and family fun through scuba carnivals, seminars, discover scuba's, live entertainment and more coupled with friendly and fun competition as Forty Eight scuba divers from around the world compete in underwater challenges designed to test their ability to work in teams showcasing scuba skills filmed this summer off the white sand beaches of Palm Beach, Florida.

The event takes place in two sessions during a two week time frame. Teams battle to become one of the top ten divers as each show off knowledge, buoyancy control, navigational and rescue skills while the production crew captures the challenge, the beauty and the mystery of the underwater world. As teams are eliminated, the final five dive teams battle on to compete individually for one of five spots to the finals. Only five divers from session one and five divers from session two will be awarded and earn a position in the final challenges.

Divers will be left dazed and confused as they struggle to overcome surprises and unexpected twists and turns that await them. Experienced divers will face snags & entanglements when dealing with "black out" conditions as each struggle to remain cool as they battle one another while fighting currents and overcoming the obstacles that are unique to each of the challenges.

As each team struggles to earn the title, will teams be prepared with reliable equipment, adequately hydrated and physically prepared? Can teams compete without safety violations to avoid elimination at any one moment? See firsthand, what it takes to be a diver as divers are eliminated after failing the underwater courses laced with tasks and obstacles. Focus, endurance, strength and skill will determine who will become the "Ultimate Diver"!

**Catch the Action and Join UDC 2012 in PALM BEACH, FLORIDA!**
